# TOPCONNECT

TOPCONNECT FOR MICROSOFT AZURE EXPRESSROUTE

With TopConnect for Microsoft Azure ExpressRoute, you are getting a private connection to Microsoft Azure and optionally to Microsoft Office 365. This connection is characterized by its high performance and direct SLA with Microsoft. conova operates it with its familiar quality.

❝ Highlights at a glance

- Direct WAN connection to the Microsoft Cloud
- Private connection
- Microsoft Service Level Agreement
- High data throughput
- Reliable performance
- Low latency
- Ideal for hybrid scenarios
- Optional: MultiCloud Connect

The provision of TopConnect in the conova data centers not only enables connection to the Microsoft Cloud, but also the use of hybrid solutions. Consequently, this single connection allows you to combine local resources in Austria with the advantages of public cloud services. On request, even across regions and across public clouds – creating connections to AWS, Google and other cloud providers in addition to Microsoft. conova guarantees the connection in the required bandwidth from its own data centers to the transfer point in the Microsoft Cloud and also handles the setup and operation of the network configuration required by Microsoft.

TopConnect for Microsoft Azure ExpressRoute	Set-up costs (one-time expense)	Price per month
