

# TOPBACKUP FOR MICROSOFT 365

FOR EXCHANGE ONLINE, SHAREPOINT ONLINE, ONEDRIVE FOR BUSINESS & MICROSOFT TEAMS DATA

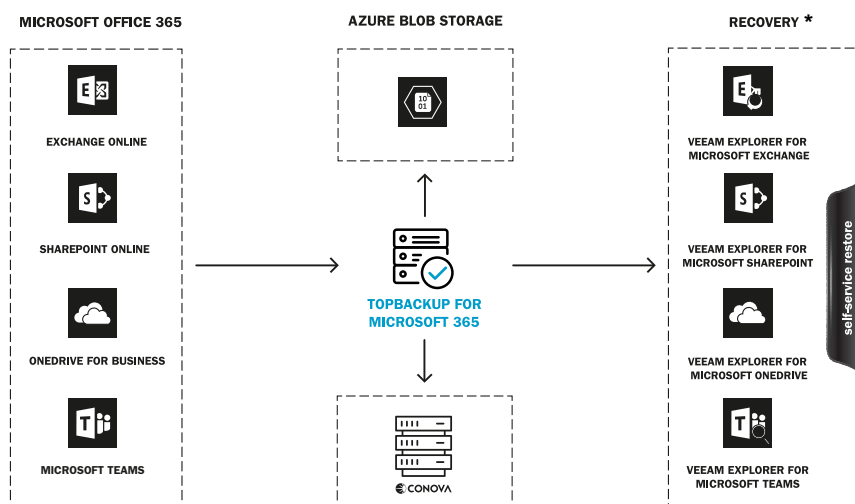

Microsoft's Office 365 provides powerful services – however, comprehensive backup of your Office 365 data is not included. Out of more than 1,000 IT professionals surveyed, 81% admitted they had already lost data – sometimes due to simple user errors, but also due to serious security threats. With TopBackup for Microsoft 365, you maintain access and control of your Office 365 data when using Exchange Online, SharePoint Online and OneDrive for Business – this is the only way to ensure that your data is properly secure and permanently available.

## Highlights at a glance

- Backup in the conova data center or on Microsoft Azure Blob Storage
- Reliable, granular restoration of individual items
- Compliance with security regulations and compliance requirements
- protects you from:
  - accidental deletion
  - incomplete and imprecise storage guidelines
  - internal and external security threats
- Securing of hybrid Exchange and SharePoint environments

With TopBackup for Microsoft 365, you are getting yet another software-as-a-service solution from conova. Our conova data centers continuously provide unlimited storage space. 100 GB of backup space is already included in the product at the start.
