

TOPWORKPLACE

SECURE WORK FROM ANYWHERE – YOUR VIRTUAL DESKTOP SOLUTION IN/FROM THE CLOUD

With TopWorkplace you are getting a personalized cloud PC as a software-as-a-service solution in a highly secure Windows 365/Azure environment. This allows you access to your desktop and applications anywhere, anytime – regardless of device, operating system or location. Cloud PCs can be scaled according to your requirements, provided centrally via a uniform console and offer secure access to your company resources. These cloud PCs can easily be connected to existing services using client-to-site or site-to-site connections.

” Highlights at a glance

- Device-independent virtual cloud PC/desktop
- Can be expanded to include Microsoft services such as Office or Teams
- Two-factor authentication ensures high security
- Effortless integration of employee-owned computers (BYOD)
- Enables integration of external service providers or freelancers
- Controllable via central management portal
- Guidance from certified conova specialists
- Can be combined with conova solutions & cloud products (e.g. TopConnect)
