# TOPOPERATIONS FOR PUBLIC CLOUDS

THE PREMIUM MANAGEMENT AND MONITORING SOLUTION FOR THE PUBLIC CLOUD.

With TopOperations for Public Clouds, we offer a management solution made specifically for the public cloud – developed and managed by conova. Our specialists take over the planning and operation of your public cloud and provide you with the optimal basis for the managed operation of your public cloud VMs. Your data will be encrypted and transferred to one of our highly secure data centers. A monitoring solution that offers you a central view of all systems is included, regardless of if they run in the conova data centers or in public clouds.

" Highlights at a glance

- Central conova management solution for all public clouds and conova solutions
- Uniform monitoring of all services via a central platform
- Individually configurable views
- 24/7 operation of your public clouds
- Encrypted transmission to the conova data centers
- Long-term analyses
