

# TOPAI LLM

YOUR SECURE, REGIONAL AND LEGALLY COMPLAINT AI PLATFORM DESIGNED FOR LLMS

With TopAI LLM, you gain access to current Large Language Models (LLMs) that are operated on highly secure infrastructure in the conova data centers. Through a standardized API interface, the customer application uses the LLMs that we host. Our feature packages are designed and continuously adapted to meet the requirements of the most commonly used cases. With this solution, we offer you an Austrian alternative to global cloud providers – full cost control included.

## ” Highlights at a glance

- AI-platform from Austrian data centers that are ISO 27001 & EN 50600 certified
- Data security and GDPR compliance for your AI solution
- Drop-in-Replacement for APIs of global LLM providers
- Ongoing evaluations of the offered LLMs
- Full cost control via flat-rate packages
- No costly investments in your own infrastructure required
- Use LLMs with web frontend directly as your AI solution (when OpenWebUI Basic is selected)
