TOPBACKUP FOR MICROSOFT 365 ONLINE

SECURE, RESTORE AND PROTECT YOUR MICROSOFT 365 DATA

With TopBackup for Microsoft 365 Online, you benefit from a comprehensive backup and recovery solution designed specifically for Microsoft 365 mailboxes. This solution safeguards in-place archive mailboxes, Teams chats, OneNote, Planner, OneDrive for Business accounts, Entra ID users and groups, and SharePoint document libraries. Additional security is ensured via the external storage location of the Microsoft 365 backup in redundant data centers. The available backup space is unlimited and grows in line with your requirements.

Highlights at a glance

- Automatic backups performed multiple times per day
- Unlimited storage included
- Intuitive backup dashboard for managing backup and recovery activities
- Four-eyes approval process for sensitive actions such as data deletion further enhances security
- Granular restoration of files and individual items
- Cost-efficient in combination with TopMail Microsoft 365 Protection

With this Software-as-a-Service (SaaS) solution, you can easily back up, manage, and restore all Microsoft 365 data cross your organization. The backups are immutable, stored using modern AES-256 encryption, and cannot be deleted or changed by external parties. Deleting backup data requires an administrative account within TopBackup for Microsoft 365 Online.
