

# TOPBACKUP FOR MICROSOFT ENTRA ID

POWERFUL PROTECTION FOR YOUR IDENTITY MANAGEMENT IN THE MICROSOFT CLOUD

With TopBackup for Microsoft Entra ID you are getting a dedicated software solution that protects your Microsoft Entra ID environments and also ensures the security, resilience and recovery of your identity management systems. Our solutions combine modern encryption technology, real-time monitoring as well as automated recovery processes, thereby strengthening overall data security. At the same time, this specialized backup and recovery solution helps you meet your company's compliance goals.

## Highlights at a glance

- Data protection for Microsoft Entra ID as well as support with regulatory compliance measures such as GDPR
- Automated backups ensure regular protection without manual effort
- On-going real-time monitoring detects configuration deviations
- Fast, granular object-level recovery
- Unified platform for managing all backups

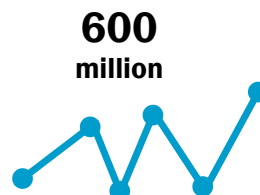

With TopBackup for Microsoft Entra ID, you simplify data protection for your Entra ID tenant and can back up and quickly restore users, groups and Entra ID sign-in logs. Because the principle of 'shared responsibility' applies even for Entra ID data. This means that while Microsoft provides the service, you remain responsible for your data.

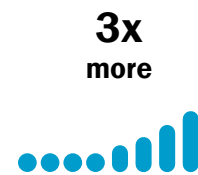

## Risks of Insufficient Microsoft Entra ID Security

Average time needed to identify and contain a data breach, with 207 days for identification and 70 for containment.

Identity attacks carried out daily by cybercriminals and state actors.

Identities to manage, as the use of non-human machine identities continues to grow.
